Dear Mr. Jones,

I am writing to protest the proposed 2-unit nuclear reactor near the town of Green River, Utah. (Filing # a35402)

My family recreates yearly in this area. We are hikers & river rafters and love the beauty of the area. Putting a nuclear reactor here would be a crushing blow to everyone I know who spends time there.

I believe Nuclear Power to be dirty and dangerous. and in addition I live downwind in case of an accident!

The public deserves to be informed

about this plan. I request that you have a hearing for the public who would have to live with this monstrosity for the next hundred years.

This plan is outrageous and ridiculous. You must have public input.

Very Unhappily,
Kathryn Baker
